

Glass Cleaner is an innovative formula specifically intended for cleaning glass and other fragile surfaces. The product provides efficient cleaning while dissolving greases and stains (anti-static action). Fast drying with no residue. Based on nature-sourced ingredients, REEFLECT® Glass Cleaner is "non-classified" under European CLP Regulation n°1272/2008.

## REEFLECT GLASS CLEANER (RTU)

*For glass and fragile surfaces*

### COMPLIES WITH BOEING D6-7127 REV P

#### PRODUCT CHARACTERISTICS

- Non-flammable
- pH : 9.1 +/- 1
- VOC content = 0% (natural fragrance)
- Efficient cleaning for all glass and fragile surfaces
- Fast drying phase with no residue
- Dissolves greases and stains (anti-static action)
- Suitable for surfaces in contact with food (cf.MSDS)
- Length of preservation: 3 years RTU
- P/N: RAG201503

#### APPLICATION AREAS

Reeflect Glass Cleaner can be used on the following surfaces:

- Glass - Mirrors - Screens
- Windows - Fragile surfaces - Lacquered /Acrylic surfaces

#### APPLICATION METHODS

Using our RTU Spray/Foam option:  
Spray directly onto surfaces to be cleaned

- For vertical\* & horizontal surfaces, use a cotton cloth and wipe the surface
- In case of greasy stains, wipe in circular motion with a microfiber cloth
- No need to rinse, except if the surface is to be in contact with foodstuff

\*A squeegee may be used for vertical surfaces.  
Clean the squeegee in between swipes.

#### SECURITY

- Consult Material Safety Data Sheet (MSDS)
- No R-phrase
- No Threshold Limit Value
- Not classified under the "Classification, Labelling and Packaging" Regulation n°1272/2008
- No Personal Protective Equipment (PPE) required while using

#### PACKAGING

500ml (RTU Spray)  
5L, 20L, 210L, 1000L (RTU Drums)

#### STORAGE

- Store inside the original packaging
- Do not expose to temperatures below 10°C, nor above 40°C
